**Baby Fashion Kids – Russia,
Yulia Shakirova**

“We have a shop in Kazan. We had the opportunity to look at many different models at the fair. We especially liked the product groups up to 14 years old. We wanted to buy everything immediately. There were many different options from casual dresses to ceremony dresses, children's suit groups. Thank you for bringing all these different and qualified products group under one umbrella.”

”

“

**Little Queens – Belgium,
Caroline Gommeren & Vanesa Geers**

“We are mostly selling ceremony dresses for little girls until the age of 10 years old. We came to the fair because Turkey is the country of fabrics. There is a lot of offer here, it is a very unique platform and we especially liked the cotton dresses. We bought a lot of princess dresses here to re-sell in Belgium because companies and labels that are represented here are not being sold in Belgium. Also possibly as well in the Netherlands or France or Germany which is our area. There is a great growth potential in Western Europe and we will come back next year again.”

”

“
